Summary

Senior Backend Engineer with over 10 years of experience in architecting and implementing scalable distributed systems. Expert in **Golang** and **Python**, with deep expertise in high-load microservices, concurrency, and performance optimization. Proven track record in leading complex system migrations, designing robust event-driven architectures, and integrating AI/ML capabilities into production environments. Experienced in fintech-adjacent domains, technical leadership (former CTO/CEO), and maintaining high-reliability systems for major platforms.

Core Technologies & Expertise

- **Languages:** **Golang (Primary)**, Python (Expert), SQL, TypeScript.
 - **Golang Specialization:** Concurrency (Goroutines, Channels), Lock-free programming, GC tuning, Generics, Standard Library, Context.
 - **Databases & Storage:** **PostgreSQL**, **MongoDB (Expert)**, **Redis**, MySQL, ElasticSearch.
 - **Messaging & Event-Driven:** **RabbitMQ**, **Kafka** (experience with asynchronous processing).
 - **Infrastructure & DevOps:** **Docker**, **Kubernetes**, **Azure**, Azure DevOps, Gitlab CI, Nginx, Linux.
 - **Architecture:** **Microservices**, **RESTful APIs**, **gRPC**, GraphQL, Distributed Systems, High Availability.
 - **AI & Data:** Vector Search (kNN), OpenAI API, LLM Integration.

Professional Experience

Simpals SRL | Senior Backend Developer | *May 2023 · Present*

- **Modernization & Go Migration:** Led the strategic migration of high-load legacy services from Python to **Golang**, resulting in significant performance gains and reduced resource consumption.
- **High-Load Architecture:** Design and support scalable microservices architecture for the **999.md ecosystem**, handling massive transaction volumes and user traffic.
- **Advanced Engine Development:** Developed automated moderation and spam detection engines using complex pattern matching and Unicode normalization.
- **Vector Search & AI:** Implemented high-performance Vector Search using kNN and integrated OpenAI Embeddings for semantic search capabilities.

Simpals SRL | Software Developer | *Jan 2022 · May 2023*

- **Fullstack Development:** Launched three projects from scratch to MVP as a fullstack developer and architect.
- **Product Support:** Maintained and optimized major products including 999.md, business.999.md, and Marketplace.

Giter Parfum | CTO and Head of Development | *Jan 2021 · Present*

- **Cloud Transformation:** Managed the transition of all sustainable applications to cloud solutions.
- **Leadership:** Directed team of developers, managed existing systems support, and oversaw new application development.

Amdaris SRL | Software Developer / Technical Lead | *June 2020 · Dec 2021*

- **Polyglot Development:** Developed software using Python, .NET, and JS/TS.
- **Technical Leadership:** Served as Technical Lead on multiple client projects, ensuring code quality and delivery.
- **ML Integration:** Participated in the development of ML algorithms for internal projects.

XOR.AI | Senior Software Developer | *Nov 2019 · June 2020*

- **AI Development:** Focused on software development and AI support for recruitment automation.

XOR.AI | Lead Developer (Email Deliverability) | *June 2019 · Nov 2019*

- **System Optimization:** Developed and supported a mailing list delivery program. Led a team of junior developers.

Luxury Air Travel LLC | CTO | *March 2018 · June 2020*

- **Leadership & ATS:** Led a team of 10 people in building an Applicant Tracking System (ATS). Supported CRM and ensured stable system operations.

LibreApp | CEO & Founder | *Sept 2009 · Nov 2019*

- **Entrepreneurship:** Managed various custom software projects and overall business strategy.
-

Selected Public Speaking & Thought Leadership

- **Moldova DevCon 2024:** "The Future Developer: Skills and Roles in an AI-Augmented Workforce" (Discussion Panel).
 - **IT Career Expo 2023:** "Managing technical debt and modernizing old services" (Focus on Golang migration).
 - **AI Seminar 2025:** "AI Agents in Action".
-

Education & Certifications

- **Education:** Incomplete Higher Education in Computer Science (BMSTU Kaluga, Tula State University).
- **MongoDB Expert:** Certified in MongoDB Performance (M201), Data Modeling (M320), Aggregation Framework (M121), Cluster Administration (M103).
- **Languages:** Russian (Native), English (B2 - Upper Intermediate), Romanian (B1).
